

# Assignment Title: Creative Home Page Development

## Objective:

Create a Home Page for a web project of your choice using HTML and CSS. This assignment will allow you to explore and apply your web development skills to a project that interests you.

## Instructions:

### 1. Project Discussion:

- Prepare your project idea and be ready to discuss it with the instructor.
- Make an appointment between 23rd July and 27th July 2024 to get approval for your project.

### 2. HTML Structure:

- Create an HTML file named `index.html`.
- Structure your HTML to include a hero banner and various sections.
- Ensure proper use of HTML tags and semantic elements.

### 3. CSS Styling:

- Create a CSS file named `styles.css`.
- Apply styling to your HTML elements to make the web page visually appealing.
- Ensure your CSS file is linked correctly to your HTML file.

### 4. Creativity and Design:

- Focus on making the Home Page creative and engaging.
- Use colors, fonts, images, and layout techniques to enhance the visual appeal.

## Requirements:

### 1. Project Discussion and Confirmation:

- Choose a desired category for your project (e.g., personal portfolio, business website, e-commerce, blog, etc.).
- Schedule an appointment with the instructor to discuss and confirm your project idea.
- Appointment slots are available from 23rd July to 27th July 2024.

## 2. Home Page Development:

- Develop at least the Home Page for your project.
- The Home Page must include a hero banner and different sections (e.g., about, services, testimonials, contact).
- Ensure the design is creative and visually appealing.

## 3. Submission Details:

- Email your assignment to [duwun@mymyeo.com](mailto:duwun@mymyeo.com).
- Subject of the email must include your student ID.
- Attach `index.html` and `styles.css` files.
- Submission deadline is not later than 29th July 2024.

## Evaluation Criteria:

- Proper use of HTML and CSS.
- Clear and organized structure of the Home Page.
- Creativity and visual appeal of the design.
- Completeness of the Home Page with required sections.
- Adherence to instructions and submission guidelines.

**Email Subject should be clearly mentioned about STUDENT ID and COURSE TITLE.**

**Example: Assignment Submission - Web Development**

**Fundamentals - Student ID: 123456**

P.S: Feel free to ask any questions or seek clarifications during the class or via email before the submission deadline. Good luck and happy coding!
